

Welcome to Kindergarten!

...where children come first!

Our small Kindergarten class sizes means our teachers can spend more time, every day, with individual students, giving them the attention and instruction they need to ensure a great start to a wonderful, lifelong learning experience! The average number of children in a Kindergarten class in Regina Public Schools is 16 and there are no classes with more than 25 students.

Regina Public Kindergarten teachers welcome calls and visits from parents. Every year, schools hold special orientation days for children entering Kindergarten and for their parents. This is a great time for your child to experience activities and to meet teachers, future friends and classmates!

To find out more about registering your child for Kindergarten, please call any Regina Public elementary school or the Board of Education at (306) 523-3000.
